FOR IMMEDIATE RELEASE

KENYON TO ASSIST INTERNATIONAL PETROCHEMICAL COMPANY

Houston, June 4, 2012 - Kenyon International Emergency Services is assisting an international petrochemical company with the repatriation of an employee who died in Africa. Kenyon is making all necessary arrangements with both governments to return the deceased to the United States. Additionally, Kenyon has provided a counselor to give assistance and support to the company's officials and family members of the deceased in the United States.

International repatriations are complex, and Kenyon has vast experience in assisting clients with quick and dignified return of a family's loved ones and their personal belongings. Coordination with foreign governments, corporate employers, airlines and families takes time. It also requires a detailed knowledge of the repatriation process and how procedures vary in different jurisdictions throughout the world.
